and transportation of lumber.

Last evening Mr. Bell gave a dinner | kai, at the Moana Hotel to Mr. and Mrs. Frederick Warde. Among those present were Major and Mrs. Abernathy of Kansas City, Colonel Hodge and son and S. M. Morris of Everett, Washing-

Sailing vessels coming to Honoluly from Coast ports are bringing very light cargoes these days and already points. have a few ships been taken off the run altogether," said a local shipping man this morning. "An example of the falling off of sailing vessels' freights was given the waterfront yesterday when a steam freighter, the Eureka, and two sailing vessels, the barkentine Coronado and the bark Kalulani, arrived.

The Eureka came from Seattle with nearly 3000 tons of general freight. The sailing vessels came from San Franisco, the Kaiulani, a boat of 1430 tons, bringing but a thousand tons of cargo, and the Coronado, a craft of over 1000 tons, bringing only 400 tons of general Steamships are handling the bulk

doing a business that is increasing daily, while the business of the sailing essels is diminishing.

While the business of the Oceanic Steamship Company, Pacific Mail, Captain Potter of the Coronado conse Globe Navigation Company and the American-Hawaiian local line is purely matter of local competition, the American-Hawaiian around-the-world the winds given them. proposition is beginning to attract a great deal of attention from the powers behind the throne.

While the A.-H. S. S. Co. is one of "While the A.-H. S. S. Co. is one of the big corporations of the world their the Coronado, crossing the bar a nittle usiness from the United States to Hoolulu is a very small proportion of

"For example, their steamers arrive of the bark. Honolulu tweive times a year with After the m 2000 to 2000 tone of merchandisa points, this freight again going interior sighted, and east, in many instances, three or preserves those faculties with which in the matter, or, in other words, the Griffiths, formerly of the bark Albert volume of business that could be handled around the Horn to the Hawaiian islands is so small that they could not mental and physical, wear them, for afford to disturb their terminal rates gard wharf. for the revenue due them is they sethe preservation of nerve force and ured all the business of the Islands. But, in all probability, they will not stand to let any outside institution from them 155,000 tons of freight per Ping=Pong Is Now annum, without at least making an ef-

fort to elminate such competition. "On east-bound business the transontinental railroads, other than the Southern Pacific do not miss the 370,-000 tons of sugar that is shipped to New York principally around the Horn and which route, by the way, will continue to get greater proportions from WINES, BEERS and LIQUORS tricts, and having the first option on the thousands of cars of salmon which which has been lagging for some time move from British Columbia, Washington and Alaska. But, whether or not these lines will continue to lose business west-bound around the Horn remains to be seen. As a matter of fact, we already have some very nice examples of what the northern transcontinental railroads can do in the THE SAME HOUR EVERY MORNING
